## Approved For Release 2004/07/29: CIA-RDP80-00810A002400130004-7 25X1 SECRET/ - 2 25X1 Comment. Changch'aic Airfield was being repaired 17 March 1953. Comment. Despite continued reporting of underground hangars at air bases throughout China, the general use of such structures by the Chinese Communists is still considered doubtful. Even if such structures were occasionally used, it is highly improbable that the Chinese Communists would make such

extravagant use of one-inch steel plate.
